HOW TO PARTICIPATE

- Purchase a copy of the [women's Bible study book](#) for yourself.
- Purchase a copy of the [teen Bible study book](#) for your daughter(s).
- Be sure you sign up for the online Bible study by [clicking here](#).

HOW TO UTILIZE YOUR MATERIALS TOGETHER

This seven-week online Bible study begins June 25th! Each week, you'll follow these steps to study together with your daughter.

WATCH

- Watch the weekly video with your daughter.
- Utilize the questions found in the Watch section of the teen book. There will be several questions that you can ask your daughter to begin a dialogue about the video. There are additional discussion questions in the Leader Guide section of her book, as well as prayer prompts.

A note about the video content:

The videos that will be used for the online Bible study were edited specifically for women. There will occasionally be a reference to moms that would not be found in the teen version of the videos. It is also important to note that during the Session 3 video, at the 06:10 mark, there is a very quick reference to Genesis 6 and Genesis 19 about angels sleeping with women. There is also a reference to mature content at the 07:30-07:36 mark. Use your discretion, but feel free to fast forward those parts with your daughter.

PERSONAL STUDY

Both the women's study book and the teen study book contain 5 days of personal study content each week to be used between video sessions.

- The women's study provides prayer prompts in the Introduction section of each week's material. Utilize those prompts as you pray for your daughter and yourself throughout the study.
- The questions in the women's study guide are almost always identical to the ones in the teen study guide, though you will find that sometimes they are altered for comprehension or omitted.
- Optional: There is a Close section at the end of the women's content each week that you can use with your daughter if you are looking for additional discussion material.

CONNECT WITH HER

- Plan days to work on homework together to keep each other accountable.
- Throughout the week, be open with your daughter about things that you learn or that you have questions about. Provide a safe place for her to do the same.
- Some weeks will be easier than others to accomplish the personal study days! Just keep pressing forward and making it a priority to meet together each week regardless of how much personal study work was actually done.
